

Introduction

A freely available online calendar focusing on Stewart Island events and meetings. The calendar will include meetings of various community groups, such as community board and visitor levy meetings, regular activities such as learning and exercise opportunities, along with annual or one off cultural, community and entertainment events. Visiting events and entertainment can also be promoted! The aim of the calendar is to improve scheduling, engagement, and inclusion for our community and visitors to the Island. Facilitating greater connectedness, connectivity, and inclusion, the calendar is a way to visualise and organise the efforts of community members and groups. It will lead to better scheduling of community meetings, preventing burnout for those involved in multiple groups. With greater visibility comes approachability of community groups – encouraging greater participation – more hands making lighter work! We hope the calendar to be utilised by groups ranging in diversity, from Knit & Natter to Community Board, from the annual Singles Ball to Animal Flow Yoga sessions, everyone is welcome.

Publish your events

If you would like to participate and publish your community event information on the Rakiura Calendar then please complete the below form, once for each set of events.

YOUR NAME

Given	Surname
